

## **HEALTH REQUIREMENTS STARS OF TEXAS & BEST OF WEST**

### **Consignors:**

**We are fast approaching the January sales and it is time to be alerted to the health requirements necessary to be allowed onto the Ft Worth Stock Show grounds and for the bull consignors to have their bulls delivered to any of the lower 48 states. Please read the following carefully and have the testing done and paperwork in order upon arrival Jan. 19<sup>th</sup>. If any step is missed, you will not be allowed to unload your animals.**

### **Bulls:**

- 1) Each bull will need a Certificate of Veterinary Inspection (health paper) issued within 30 days of the sale date. Please allow several additional days for delivery of your bulls within the 30 day window. (Multiple bulls can be listed on one health certificate, but we must have a separate copy for each animal).**
- 2) Each bull 18 months or older must have a negative brucellosis test issued within the above 30 day window.**
- 3) ALL BULLS must have a negative PCR test for trichomoniasis within the above 30 day window. This allows for interstate delivery to every state.**
- 4) Each bull must have a breeding soundness exam and be concluded to be fertile within the same 30 day window.**

### **Females:**

- 1) Each female will need a Certificate of Veterinary Inspection (health paper) issued within 30 days of sale date. Calves at side can be listed with the dam. (Multiple females may be listed on one health certificate, but we must have a separate copy for each animal).**
- 2) Each female 18 months or older must have a negative brucellosis test within the 30 day window.**

**We look forward to seeing each of you and to a great Angus Weekend!! Keep feeding and fitting!!!**

**Merry Christmas!! May the peace and joy of the season be a blessing to you.**
